### SPRING DRIVE COROWA SPEED LIMIT CHANGE

Transport for NSW recently carried out a review of the speed limit on Spring Drive, Corowa.

The review assessed a number of factors including crash history, traffic volume, road intersections and property access points.

The review recommended lowering the 100 km/h speed limit to 80 km/h on the length of Spring Drive from 115 metres west of Adams Street to 75 metres west of Croppers Road – a distance of approximately 1.6 kilometres.

The new speed limit will take effect from Monday 7 September. It will improve safety for all road users and reduce the likelihood of crashes, while adding minimal times to journeys.

Signs will be in place to advise motorists of the changed traffic conditions. Road users are asked to keep an eye out for the changes and follow the directions of signs.

Find out more from Council's website.

### BIOSECURITY WEEDS

With the commencement of Spring and the weather warming up, Biosecurity weeds around Federation Council area are likely to become more prominent over the coming months.

This is particularly so given the rainfall of late which will create ideal conditions for weeds to grow.

Council is currently prioritising the reduction and elimination of Biosecurity weeds, with a focus on problem weeds such as Chilean Needle Grass, St John's Wort, Spiny Burr Grass, Horehound, African Boxthorn, Blackberry, Silver Leaf Nightshade and Coolatai Grass.

An inspection program is undertaken by Council throughout the year to manage Biosecurity weeds in the area and to minimise the spread of these weeds. This inspection program assists to identify weeds in their early growth stage, so that Council and landowners can control the spread of weeds.

To assist landowners, a range of information and resources regarding weeds can be found at any Council office, which includes printed materials to help with the identification of weeds and also available from Council's website.

Council is encouraging landowners to take effective measures to remove weeds from their property.

For further information regarding Biosecurity weeds around the Council area or on your land, please contact Council.

### COMMUNITY DRUG ACTION TEAM COMMITTEE

Federation Council is calling for nominations from community members to join the Community Drug Action Team Committee.

Council would love to hear from community members who are passionate about building a strong, healthy and connected community.

Ideally, the Federation CDAT would include representatives of local government, local community groups, local traders/ business associations, health professionals, police, schools, and individuals who want to contribute to the prevention of drug and alcohol related harm.

People wishing to nominate must be prepared to represent the whole of the community and work together to prevent and reduce the harmful effects of alcohol and other drugs in our community.

Nominations close Monday 21 September 2020.

Nominate today from Federation Council's website.

### FEDERATION DISABILITY ADVISORY COMMITTEE

Federation Council is calling for nominations from community members to join the Federation Disability Advisory Committee.

Council is looking for residents with a lived experience of disability, including people with disability, carers of a person with disability, parents or guardians of children with disability, disability sector professionals and community members.

People wishing to nominate must be prepared to represent the whole of the community and to give advice to Council on access and inclusion issues.

Nominations close Friday 4 September 2020.

Nominate today from Federation Council's website.

### WASTE MANAGEMENT FACILITY FEES & CHARGES

Federation Council has undertaken a major review of its Waste Management Facility fees and charges with a new fee structure commencing Friday 28 August 2020.

Council has also implemented a large range of new fees for various categories of recycling which are free, at cost or heavily subsidised.

The fees have been structured in a manner to encourage separation and recycling which in turn minimises the volume of rubbish being disposed of at landfill sites located in the Federation Council area.

Further information in relation to the new fee structure is available from Council's website or by contacting Council.
