OVERGROWN VEGETATION

Spring weather has arrived providing ideal conditions for grass, shrubs, weeds and vegetation to grow rapidly.

With the months leading into Spring, providing generous rainfall and more forecast in the near future, abundant growth of vegetation is expected.

Federation Council wishes to remind all landowners that they are responsible for maintaining the vegetation within their property boundaries, fencelines and nature strips in good order.

As we head into the fire restriction period, properties should be regularly maintained into the future.

Please help keep our community safe by slashing, mowing or clearing overgrown vegetation.

Council staff respond to concerns about excessive vegetation on properties and have the ability to serve notices and issue penalties where a property owner is non-compliant.

RESPONSIBILITIES OF PET OWNERS

Being a pet owner means there are responsibilities by law that are required to be adhered to.

To ensure the safety of your pet and the community, residents are reminded of some of the responsibilities of pet ownership to ensure your pet lives a full and happy life:

- Registration.
- Microchipping.
- Wearing a collar and identification tag with the name of the dog or cat, address or telephone number of the owner when in a public place.
- If you have moved residences, updating your contact details on your pet registration and microchipping records.
- When you take your dog to a public place they must be under the owners' effective control. This means on an adequate, leash, chain or cord. If your dog is in an off leash area, it must be under your effective control.
- Provide a secure home environment so you dog cannot escape.

Our furry friends are so important in our lives and at Council, there is no better joy for our rangers to be able to return your pet home safely, however, if the above items are not followed we may not know where to return it to.
