### MICROCHIP YOUR PET

Microchipping is a quick and harmless procedure where a small microchip is inserted between your pet's shoulder blades either by a local vet or animal welfare organisation. It provides identification only for your animal.

If your microchipped pet goes astray and is taken to a vet, pound or shelter, we use the microchip's data to contact you and quickly reunite you with your pet.

Microchipping your animal does not include registration. You must register your dog by 6 months and cats by 4 months of age.

Our furry friends are so important in our lives, so make sure your pet is microchipped so if it does go astray we can return it safely to you.

Find out more from Council's website.

### OVERGROWN VEGETATION

Spring weather has arrived providing ideal conditions for grass, shrubs, weeds and vegetation to grow rapidly.

With the months leading into Spring, providing generous rainfall and more forecast in the near future, abundant growth of vegetation is expected.

Federation Council wishes to remind all landowners that they are responsible for maintaining the vegetation within their property boundaries, fencelines and nature strips in good order.

As we head into the fire restriction period, properties should be regularly maintained into the future.

Please help keep our community safe by slashing, mowing or clearing overgrown vegetation.

Council staff respond to concerns about excessive vegetation on properties and have the ability to serve notices and issue penalties where a property owner is non-compliant.

Find out further information from Council's website.

### NEW RESIDENTS KIT

Federation Council is excited to launch its New Residents Kit to the public which provides people moving to the area with a range of information on Council, community services and facilities.

The New Resident Kit includes a coffee table size New Resident Guide that contains a wealth of information on the Federation Council Local Government area as a whole.

This guide will complement several other Council created directories such as the Ageing Well Resource and Family and Children Services Card that provides contact details for a number of local services, schools, sporting and community clubs.

Council is inviting interested local real estate agents and home builders to stock the kits and provide them to people interested in building here or when handing over the keys on the sale of a house.

Alternatively, new residents to the Federation Council region can pick up a New Residents Kit from any Council Office or the Corowa Visitor Information Centre.

• Local Achiever Awards for each town or village. Award nominations can be completed via the online application form available from Council's website. Award recipients will be announced at the official Australia Day Award Ceremony on **Wednesday 26 January 2022** in Corowa.

### BIOSECURITY WEED CONTROL

With the commencement of Spring and the weather warming up, Biosecurity weeds around the Federation Council area are likely to become more prominent over the coming months. This is particularly so given the significant rainfall that has been experienced, creating perfect conditions for weeds to grow.

Council staff are currently prioritising the reduction and elimination of weeds, with a particular focus on problem weeds such as Chilean Needle Grass, Horehound, St John's Wort, African Boxthorn, Silver leaf Nightshade and Spiny Burrs Grass. The seasonal conditions experienced at the moment in the region can make management of weeds challenging at this time.

Council is encouraging landowners to take effective measures to remove weeds from their property including spot spraying, biological control and chip and burn. Find out further information from Council's website.

### FEDERATION ARTS AND CULTURAL ADVISORY COMMITTEE - SEEKING NOMINATIONS
