

# A *free* app to manage quotes and win more business

## Join the marketplace as a supplier. Be visible to buyers.

Hundreds of large buying organisations are using VendorPanel Marketplace to find and invite local suppliers to quote on their work.

*"We originally registered for Toowoomba Council, but through the platform we've contracted work with organisations in Warwick, Esk and as up far as Yarawun. We're responding to 8 to 10 jobs at a time now, where previously we were down to 2 or 3"*

Rico Taddio, Director of Taddio Building Group

## Set up your business profile today. It's entirely free.

Open your business up to more opportunities with local buyers. Give your staff access to a tool that helps them manage quotes and save time. Gain:

- Visibility over the process - see when your response is opened and actioned
- Timely notifications and reminders so you never miss an opportunity
- Time trawling through email with all documentation and communication in one place
- Access to your quotation history to refer back to jobs won and lost

*"I do a lot from my phone, so being able to download the file for the job while I'm out in the field is awesome."*

Sophie Jones-Kelly, Acacia Environmental Management

## How it works

Easy navigation - over 80 categories to help buyers find **you**

Geolocation - helps buyers to easily identify **local** suppliers

Mobile - receive and respond to RFQs on the go

**It's proven** - an audited case study found buyers selected local suppliers in **84%** of cases
