#### **Report by Responsible Accounting Officer**

The following statement is made in accordance with Clause 203(2) of the Local Government (General) Regulations 2021:

31 December 2024

It is my opinion that the Quarterly Budget Review Statement for Federation Council for the quarter ended 31/12/24 indicates that Council's projected financial position at 30/6/25 will be satisfactory at year end, having regard to the projected estimates of income and expenditure and the original budgeted income and expenditure.

This is a moderate financial risk in relation to the restoration of infrastructure damaged in the October / November 2022 floods. Much of the expenditure already incurred and expected to be incurred is likely to be covered by NSW Disaster Funding arrangements, NSW Severe Weather funding or Council's insurance. Whilst \$9.5 million of works have been approved, there are still a number of claims under assessment. At this time we are unable to assess the full financial implications to Council. Further reporting will be provided to Council as information becomes available.

Signed:

Shore Norma

date:

13/02/2025
