FEDERATION COUNCIL IS DEVELOPING ITS 4-YEAR CHILDREN, YOUTH & FAMILY STRATEGY

To address the evolving needs of its community, Federation Council has engaged Ninety Mile Consulting (NMC) to develop a comprehensive 4-year Children, Youth and Family Strategy. This initiative aims to ensure that the services provided are responsive and sustainable, enhancing the well-being of children, youth and families across the region.

NMC is kicking off the strategy development process on August 12th with in-person engagements involving selected stakeholders. These sessions will play a crucial role in laying the foundation for a comprehensive and collaborative strategy, ensuring that the voices of youth, service providers and community members are heard from the outset.

Emphasising the importance of broad-based input, NMC has prioritised opportunities for virtual participation throughout August. This is a chance to engage with the project, to ensure maximum participation in the development of this critical strategy. Furthermore, a second round of community engagement will be held to capture additional feedback and insights from the community over the following few months.

To complement these efforts, a survey will be released on the Council webpage soon to gather input from a wide cross-section of the community. The Council strongly encourages residents to participate in this survey, as the collective input will be instrumental in crafting a strategy that truly meets the needs of local children, youth, and families.

"I'm thrilled to kick off this project. It's a vital part of our Council's mission to ensure the well-being of our children, youth, and families. This strategy will help us shape the future of our services, and community input will be key to making it a success."

- Amber Harvey, Team Leader Community Development Federation Council

DEFENCE FORCE ROOM OPENING

We are very proud of our local Defence Force personnel and were so pleased to open our display which honours them. The uniforms look great on mannequins, and in glass cabinets, purchased with a grant from Department of Veteran's Affairs. Visitors were so interested in the large number of photographs, maps and other items we have on display.

Urana has had a strong history when it comes to the Defence Forces so we would love locals to come along and learn. We look forward to welcoming Urana Public School students at the end of this month and are sure they will learn a lot about their town and it's people.

We welcome people wanting to come along and be involved a little or a lot. Call in on a Tuesday between 9.30 am and 3.00 pm or a Saturday between 10 am and 2 pm to ask questions or see what it is that we do.

Child and Family Health Nursing

Supporting Children to be Healthy

It is important to monitor your child's growth and development and the Blue Book helps to keep track of how this is going.

Be sure to take your child to visit your child and family health nurse or doctor at certain ages. If you have any concerns about your child's growth and development at any other time, you should consult your doctor or child and family nurse.

Remember to take your child's Blue Book as the health professional will make notes about your child's health, making it easier to share information.

Children should receive a routine check by a health professional at: Birth, 1-4 weeks, 6-8 weeks, 6 months, 12 months, 18 months, 2 years, 3 years, 4 years

Skip bins available 24 hours at the Urana, Victoria Park Recreation Ground.

URANA COMMUNITY RECYCLING CENTRE

Federation Council and the NSW EPA have recently opened two Community Recycling Centres (CRC's) in Corowa and Urana.

Many familiar products you use in your home, car, garage and shed can be hazardous to other people and the environment. Because of this, they cannot be disposed of in your red, yellow or green lidded bins.

These include:

- batteries (household only).
- motor & other oils (5-20 ltrs motor oils and other oils).
- paint.
- smoke detectors.
- fire extinguishers.
- gas bottles.
- fluro lights.

Once you no longer have a use for these products, they become household problem waste. If disposed of incorrectly, or released into the environment, these products can pollute our soil, contaminate our water and even cause physical harm to people and animals.

The good news is you can dispose of them for FREE at the following CRC's. The products are then processed and the reclaimed materials used to make other products.

The Urana CRC is located at the Urana Waste Disposal Centre, Boree Creek Road, Urana.

Operating Hours:

Sunday 11:00am – 4:00pm

The facility is closed Christmas Day, Boxing Day, New Years Day, Good Friday and Easter Sunday.
